WIDENER SCHOOL OF LAW RECYCLING PROGRAM IS SINGLE-STREAM

Recyclables can be co-mingled in the containers on campus.

Recycling reduces waste sent to landfills and making new products out of recycled ones reduces the amount of energy needed in production. But it is not all about re-cycling. One of the easiest ways to be good to the environment is to **REDUCE,** or cut back, in key areas of your life. Three of the most important resources you can reduce are: energy, water and solid waste.

Please remember to use the Widener Law blue or green recycling containers to recycle here on campus. It is our responsibility to preserve and protect our natu-ral resources for future generations.

You can earn up to 6 credits while visiting exciting places. Widener has summer law institutes in Nairobi, Sydney, Lausanne and Venice.
