INTERNATIONAL PROGRAMS - SUMMER 2011

Studying overseas can be a tremendous asset to a legal education and summer is the perfect time to earn credits while experiencing international cultures and learning different perspectives of faculty and students from foreign countries in Widener's International Law Institutes in Venice, Nairobi, Sydney, and Lausanne.

With the globalization of the world economy, an understanding of international business, trade, and jurisdiction has become essential for the modern lawyer.

Faculty members are drawn from Widener School of Law as well as from universities and international organizations in each city. Members of the bench and bar of the host country provide special lectures and seminar discussions.

- Why not consider adding a law-related experience to your resume' that stands out to employers and may open opportunities in an increasingly global world of law practice.
- Take a tour of our programs at <u>law.widener.edu</u> or call the Coordinator of International Programs at (302) 477-2248.
