WIDENER UNIVERSITY CELEBRATES

October 24, 2012

What is Food Day?

Food Day is a nationwide celebration and movement toward more healthful, affordable and sustainable food. The goal of the Food Day movement is to transform the American diet. It is time for America to EAT REAL FOOD such as fresh fruits, vegetables and whole grains; and less salty and processed foods; and to limit fast food!

Free Movement, the European Union and Immigration Law

Dr. Helena Wray, Reader in Law, Middlesex University, London, United Kingdom

Monday, November 12, 2012 at 11:45am, L205

In the European Union, there is generally a right for EU citizens to move freely between the EU member countries. This has implications for immigration law (or migration law, as it is called in the EU). How far does this right to free movement extend? What restrictions, if any, may member states place on those who wish to activate free movement rights? If an EU citizen is married to a non- EU citizen, does the non- EU spouse have free movement rights as well?

Dr. Helena Wray will introduce the concept of free movement rights in the European Union and will address how these rights implicate immigration law.

This event is open to all students, faculty and staff.
