Essay Writing Workshop

Essay specialist Professor Joseph Marino will conduct a one-day essay writing program based on his famous Four Step Systematic Approach to essay writing. Professor Marino teaches how to read and legally interpret a set of facts, the three ways to discover hidden issues, how to create an outline using his bar analysis technique, and how then to write a point scoring answer for the subjective requirements of the essays. Students will apply Professor Marino's techniques to essays written in class under simulated exam conditions.

StudySmart™ Software on the Internet

Students will be able to download innovative computer software offering a variety of testing formats, including a full simulated multistate exam. The interactive design provides instant feedback and extensive analysis keyed to the outlines.

Study Schedule

A daily schedule guides students through the complexity of studying for the bar exam at a manageable pace.

Multistate Professional Responsibility Examination (MPRE) Lecture

A comprehensive four-hour lecture will review the scope, substance, and techniques needed to tackle the MPRE. The lecture is supplemented by a substantive, bar exam-oriented outline and the StudySmart™ software available on the Internet. Students also receive complete MPRE practice exams and simulated MPRE questions with full analyzed answers. The MPRE lectures are given three times per year just prior to each MPRE.
